

Community and program coordinator with four years of running student communities, coordinating multi-stakeholder programs, and supporting people one-on-one — across university faculties, a Google Developer Group chapter, and an industry research centre. Comfortable owning the unglamorous parts of community work: the scheduling, the follow-ups, the reporting, and the person who needs checking in on.

## PEOPLE, COMMUNITY & PROGRAMS

### Project Coordinator & Research Assistant

Dec 2024 — Sep 2025

Innovation Central Canberra

- Coordinated a multi-partner research program — timelines, milestones, and delivery across academic and industry stakeholders.
- Ran the communication layer between researchers and partners, keeping everyone briefed and the work on schedule.

### Academic Skill Advisor

Nov 2024 — Apr 2026

University of Canberra

- One-on-one advising on study strategy, planning, and confidence for students across faculties.
- Adapted support to each student's situation rather than running a script — repeat bookings were the norm.

### Student Ambassador & Equity Tutor

Jan 2025 — Present

University of Canberra

- Represented UC at recruitment, outreach, and community events — often the first person a prospective student spoke to.
- Delivered equity tutoring for students who needed extra academic support to stay on track.

### Head Teacher & Facilitator

Jul 2024 — Sep 2025

Code Camp

- Led school-holiday programs end to end — managed a facilitator team, ran the room, and handled parent communication.
- Adapted session structure and pacing to keep groups of young students engaged.

### Creative Lead & Secretary

Aug 2024 — May 2025

GDG on Campus — ANU

- Planned and promoted chapter events, building the campaigns that grew attendance and member engagement.
- Owned chapter communications, meeting records, and the organisational side of a volunteer committee.

### Undergraduate Student Representative

May 2024 — Mar 2025

UC Faculty of Science & Technology

- Sat on faculty board alongside the Executive Dean, representing undergraduate students in academic governance.
- Gathered and raised student feedback where curriculum and policy decisions were actually made.

Student Fellow — Winter '24

Jun — Aug 2024

Startmate

- Selected for a competitive national student fellowship focused on growth, community, and building with intent.

TECHNICAL EXPERIENCE

Web Developer Intern

Sep 2024 — Jan 2025

Innovation Central Canberra

- Built a compliance automation platform for the CMMC and DISP frameworks — full-stack (C#, AWS EC2), shipped to real users.

Deployment Technician

Sep 2025 — Apr 2026

University of Canberra

- Device deployment, imaging, and configuration at scale, plus front-line IT support for staff and students.
